WHAT HAPPENS?

Your session begins with an initial consultation.

Here you have the space to express your desires, needs, and intentions.

ASK ANY QUESTION

What do you aspire to?

What are your deepest desires or long-held dreams?

Innermost struggles or lingering regrets?

Whether you have questions for your ancestors, spirit guides, transitioned souls, or God itself or you are simply seeking clarity on career decisions, financial matters, or life's next steps.

Nothing is off the table.

WE THEN JOURNEY INTO YOUR RECORDS

Here we enter into a deeply meditative state to receive the bounty of information intended just for you.

At completion we take the time to thoroughly discuss the fullness of the received messages with you.

In the days that follow we prepare a detailed written version, combining all of our insights into a beautifully designed manuscript that serves as a lasting and tangible reminder of the power contained within your Akashic Records.

You can join us for an exclusive in-person session, connect with us virtually via Skype, or allow us to enter your records independently.

*Sessions can last anywhere from 3 to 4 hours.

(Incl. 30 min. consult, 1,5-2 hours channeling & verbal sharing of our notes)

Goddesses, clearly. ;) Emily and Stefanie by name.

We found each other in 2019 through a series of fortuitous events. Emily had just emerged from a three-year battle with breast cancer, while Stefanie was immersed in a whirlwind of continuous film and TV productions. During the lockdowns, Emily delved into esoteric texts and recent scientific studies, seeking to understand the newfound mediumship abilities and psychic visions that followed her multiple near-death experiences (NDEs). At the same time, Stefanie began a daily meditation practice, opening her up to profound insights and a deep connection with her ancestors.

On a life-affirming trip to Egypt, we began experiencing linked psychic visions during our daily meditation sessions. Initially, we were awe-struck by the depth of these shared visions but unsure of how to best utilize this incredible gift. Until we were introduced to the Akashic Records. Multiple years of dedicated practice and hundreds of journeys into the Records have strengthened our confidence in our abilities to serve as clear channels of the truth, love, and divine guidance waiting for you.
